MAGNOLIA · NORTH CAROLINA

TO OUR PATRONS

NON-WARRANTY.—We wish it to be distinctly understood that, while we take every precaution to have all plants and bulbs true to name, we give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any of the plants or bulbs we send out, and we will not in any way be responsible for the crop. Every order we receive will be executed on these conditions only, and they must be accepted by the customer when ordering.

FORWARDING.—We do not guarantee safe delivery of any plants or bulbs we send out. The reasons for non-delivery and delivery in bad condition are entirely beyond our control, such as wrecks, bad and careless handling, unfavorable weather conditions, etc. After we deliver to transportation company then and there our responsibility ceases. All claims for losses, delays and damage should be made to transportation company as such claims are due to their carelessness, not ours.

PACKING.—No charge is made for packing or containers or for delivery to depot. We pack Tuberoses and Caladiums in barrels lined with paper. We use dry shavings as a filler. We use wood heads in barrels. Cannas are also packed in barrels except when special instructions are given for cases. When cases are used we pack 250 to the case. We take great care in packing to protect from frost and mark each package, "Bulbs, Perishable, Protect from Extreme Heat or Cold."

CONDITIONS.—We aim to execute all orders as instructed, but during the rush season in February and March delays are sometimes unavoidable, due to the fact that seventy-five per cent of our stock moves in these two months. We nearly always have trouble in getting refrigerator cars. Delays, however, can be partly overcome by our patrons being willing for us to ship as early as possible in the spring and when we have packing cars going to or close to destination. All orders received are subject to crop failures, strikes, fires and all other causes over which we have no control.

LOCATION.—We are situated in Southeastern part of North Carolina, on well drained Norfolk loam soil. On the Atlantic Coast Line Railroad forty-eight miles north of Wilmington and one hundred and ninety-seven miles south of Richmond, Va. Visitors are always welcome.

TERMS.—All goods sold "Free on Board," Magnolia, N. C. We decline to send goods "Collect on Delivery." To those with an established credit standing, we allow 2 per cent for cash in ten days or sixty days net. Those who have no credit standing will please send cash or satisfactory references with order.
